Creating Community Lifestyles

Melrose Lifestyle Services is committed to providing lifestyle programming that fosters community interaction and neighborhood unity. We've elevated amenity management to a whole new level with professionally implemented community programs, lifestyle services and special events.

## Lifestyle Management

Melrose Lifestyle Services provides comprehensive lifestyle programming for communities across the state of Florida. Our current portfolio includes full-time and part-time lifestyle management for an array of clients including developers and builders, mixed age communities, 55+ active lifestyle communities, and resort style residential communities. Our services integrate seamlessly into your community's marketing and branding, allowing the lifestyle program to grow and evolve along with the needs of your community.

## Amenity Management

Melrose Lifestyle Services understands that your amenity area is one of the most expensive assets in your community. Our scope of amenity services is broad; our team will oversee everything from day-to-day operations to the intricate management details of your community amenities. Ensuring an efficiently run clubhouse, pool, fitness center, and outdoor area is our utmost priority.

## Consulting Services

We are proud to offer consulting solutions that focus on our clients' most integral needs. Our consultations are customizable, and we provide specialized services across all facets of your lifestyle program. Take advantage of our extensive experience and knowledge.

## Special Event Services

The Melrose Lifestyle Services team specializes in creating, developing and executing events on a variety of scales. We carefully plan events that build relationships for all of our clients. Whether you're a developer seeking to drive in prospects with a community festival, a Homeowner's Association looking to host a neighborhood luau, or a new business planning a grand opening, we will deliver an unforgettable experience.
